

Anglo-Saxon charters with OE bounds

Keith Briggs Keith.Briggs@bt.com

Edition of 2008 December 22 2:49 P.M.

These documents are constantly used in place-name study. There seemed to be no convenient one-volume pdf edition, so I made this one. The extracts are classified by the Sawyer (S) number. See the [Electronic Sawyer](#) for the meaning of these numbers. You will also need to refer to this for references to work citing these documents, for dates, information about authenticity, etc. See also [British Academy - Royal Historical Society joint committee on Anglo-Saxon Charters](#) (from where I obtained the digital images).

The main value of this new pdf edition is the [index](#), which allows easy comparison of the frequency of different topographical terms, and of variant spellings. This gives a different view to that obtainable by a search facility. (In the index I have sorted both þ and ð as if they were 'th'.)

My version includes only sections in OE. Sometimes this is embedded in Latin. Names of witnesses are not yet indexed. Please report any errors noted.

I have made this version using [pdfL^AT_EX](#) with the [beowulf](#) font from the [OE fonts](#) designed by Peter Baker of the University of Virginia. I converted the OE fonts for use with pdfL^AT_EX with my own method described [here](#). The original texts come from Sean Miller's [anglo-saxons.net](#), and have been extracted and converted by my own program written in [python](#). This program uses heuristics to recognize the OE sections of html pages and so may go wrong sometimes. I did all this on a [linux](#) system.

In nomine Dei summi et altissimi certis adstipulationibus sancti et iusti patres frequentativis orationibus admonent . ut Deum quem diligimus et credimus intima mentis affectione cum bonorum operum diligentia incessanter timeamus et amemus . Qui retributionem omnium actuum nostrorum in die examinationis iuxta unicuiusque meritum reddet . ideoque subtilissima mentis certatione illum imitari satagimus . Licet mortalibus vitæ pondere pressi et labentibus huius seculi possessionibus sumus insecati ; tamen miserationis eius largitate caducis opibus æterna cælestis vitæ præmia meritari queramus .

Si quis autem prescriptis statutis noluerit consentire aut obedire ; sciat se alienum esse a consortio sanctæ Dei ecclesiæ . et a corpore et sanguine domini nostri Ihesu Christi . per auctoritatem beati Petri apostoli sociorumque eius . nisi prius hic digna emendaverit penitentia ante mortem . Sciantque sapientes regionis nostræ nos has terras præfatas non iniuste paruisse . pariamque Deo dedisse ; sed sic accipi eas quemadmodum iudicaverunt omnes optimates regionis Anglorum . Insuper et apostolicus papa Romanæ ecclesiæ Iohannes . Ælfredo defuncto qui nostræ felicitati et vitæ emulus extitit ; nequitie inimicorum nostrorum consentiens . quando me voluerunt patrie meo defuncto cecare in civitate Pintonia . si non me Deus sua pietate eripuisset . sed denudatis eorum machinationibus ; remissus est Ælfred ad Romanam ecclesiam . ut ibi se coram apostolico Iohanne iuramentando defenderet . et hoc fecit coram altare Sancti Petri . sed facto iuramento cecidit coram altare . et a manibus suorum famulorum portatus est ad scalam Anglorum . et ibi tertia nocte vitam finivit . Et tunc apostolicus ad nos remisit ; et quod de eo ageretur a nobis consuluit . an cum cæteris Christianis corpus eius poneretur . His peractis et nobis renuntiatis ; optimates nostræ regionis cum proximorum illius turba efflagitabant omni humilitate ut corpus illius per nostram licentiam cum corporibus poneretur Christianorum ; nobisque illorum efflagitationi consentientibus Romam remisimus . et consentiente papa portus est ad cæteros Christianos . quamvis indignus esset . et sic iudicata est mihi tota possessio eius in magnis et modicis . Set et hæc amicis litterarum prenotavimus . ne quandiu Christianitas regnet aboletur . Vnde mihi præfata possessio quam Deo et sancto Petro dedi donaretur . Nec iustius novi quam Deo et sancto Petro hanc possessionem dariem . qui emulum meum in conspectu omnium cadere fecerat . et mihi sanctitatem . et regni prosperitatem largiti sunt . His rebus

Þis is þara . xv . hida boc æt Clearian þæ Edmund cniht zæbocodæ Ælfrifæ on ece yrræ . In nomine Dei summi et altissimi Ihesu Christi . Manifestum est cunctis quod omnia cælestia et terrena providentia Dei gubernantur quæ sollicitudo mortalium vitæ totius mundi in carorum amicorumque amissione conquiritur ac depletur . Ideo omnibus sapientibus indagandum est quod multiplici perturbatione diversis erumpnarum secularium subtilis cogitatio hominis ex memoria recedit dicta vel facta . nisi prius litterarum aribus et cautela custodie perseriv'e'ntur et ad memoriam frequentativis ammonitionibus revocentur . eo quod continere solet manente negligentia nubiferis fuscationibus a recto possessoris iure in alienam prozemiem declinaverit .

Si [quis] demone fermentationis stimulo incedens nostrum integrum et inviolatum donum fraudulenter intrinsepe probaverit ; Noverit se procul dubio cum Anna et Zarifra satellitibusque eorum heribica æternæ anathematis mac'h'era perhorandum ; Nisi prius digna satisfactione emendare voluerit . Si quis autem ditatus fuerit largiflua mente quod prenotatam donationem amplificare voluerit sit in consortio electorum Dei zaudens et in libro vitæ ante tribunal domini suæ bonæ voluntatis mercedem accipiat . Hoc tempore cachi'n'antes nemias subdolori huius seculi dinoscuntur interdum inchoasse . alienum lucrum sibi usurpatione cum ambitione iniquitatis vendicare . Sed torpentes avaricie incersus omni modo in nomine salvatoris ab omnibus Christianis interdico . Ita ut meum donum corroboratum sit cum signaculo sanctæ crucis . Etiam si quis alium antiquum librum in proprio titulo protulerit ; nec sibi . nec alii proiciat . Sed in sempiterno zraphio deletur et cum iustis non scribatur nec audiatur . Resnante in perpetuum Domino nostro Iesu Christo. Cunctis gorphie studium pene meditantibus notum est quod, instantis vite periculis imminentibus et curis euanescentium rerum crebrescentibus, humana cogitatio quasi nos elabatur et oblivioni traditur, nisi aliqua certa ratione prioretetur quia non sunt eterna que hic conspiciuntur sed terrena, ut imbutus sermone tonantis apostolus inquit, 'Nunc uelut umbra esto sic corporee ruziunt res, sed decus eternum hoc uisu stat certius omni'. Px ReƷnante in perpetuum Deo et Domino nostro Iesu Christo. Quamuis ubique per uniuersum mundum merita beatorum martýrum diuinis celebranda sint p̄reconiis; eorumque suffragia qui pro Christo nomine sanguinem suum fuderunt totis uisibus amplectenda; Anglorum tamen populis intra ambitum Britanniae constitutis specialiter est honoranda beati martýri Albani glorioŷa uictoria; qui et ipse pro Christo martýrium subit; et hanc gentem proŷei sanguinis effusione consecrauit. Quapropter ego Ædelhed totius Albionis ŷuperna largiente Ʒratia barileus . ut in tremendo maximi iudicii die sanctorum patrociniis interuentibus ŷuperŷi reƷni coheres exiŷtere mereari; trium possessionem terrarum Deo omnipotenti ad monasterium p̄parati martýri aeternaliter possidendam concedo; quarum duae simul adiacent; hoc est æt Northune . et una manŷa æt RodhanƷion; tertia uero georŷum Ʒita; uŷitato uocabulo æt OxanƷehæƷe nominatur; harum quidem terrarum portionem Offa rex Mercorum quondam reƷali iure possedit; eamque ad p̄dictum monasterium pro amore tanti martýri qui mihi requiescit . aeterna lege liberatam concessit . Sed eo postmodum defuncto per potentiam quorundam iniquorum uolenter abŷtracta est . et tamdiu ab ipso loco iniuste exclusa, donec tandem fieret a Leofrino duce possessa; Qui dum culpa sua exiŷente patria pulŷus exularet; Ælfric mihi fidelis archiepiŷcopus et Leofric abbas frater eius; eandem portionem dato p̄tuo me concedente emerunt et ut Deo quae Dei erant reŷtituerem; rogatu humillimae deuotionis obtinuerunt. Post obitum uero nominati ŷuperius archiepiŷcopi interpellante fratre ipŷius hanc cartam meae donationis et renouationis ŷcribere iuŷŷi; in qua p̄aecipio tam mea quam Dei omnipotentis auctoritate; ut nulla altiori inferiorue persona cuiuscumque sit dignitatis; hanc portionem sancto martýri ŷubtrahere qualibet occasione p̄aerumat; siue in meis siue ŷuccessorum meorum temporibus; sed permanente iuŷtiter et p̄ualente reŷtitutionis huiusce p̄uilegio; omnia conŷtrariorum molimina adnullentur. Sicque p̄dicta terrarum possessio perpetualiter ea libertate donata; qua memoratus rex Mercorum tam coenobium sancti Albani; quam omnes quas illic inŷtrouit possessiones omni deuotione ditauit; tribus excerptis; p̄ata expeditione; pontis arcisue reŷtauratione; caeterum cuncta

The agreement of Æthelred and Æthelſlæd pſth Biſhop Peſſſſſth . It iſ knoſn and manifeſt to all the pſe that the poſdſ and deedſ of men ſſrequently ſſip ſſrom the memory, througħ the manifold aſtigationſ cauſed by pſicked deedſ, and aſ the reſult of panderinſ thougħtſ, unleſſ they are pſeſerved and recalled to mind in the ſorm of poſdſ and by the pſeacution of entruſtinſ them to pſritinſ . For thiſ reafon, in the yeap of the incarnacion of our Lord 904 and in the fiſſt Indiction, pe have ordered thiſ document to be pſritten for

the sake of the memory of posterity, namely that Bishop Werfrith and the community at Worcester give and grant by charter to Æthelred and Æthelplæd, their lords, the messuage within the town wall at Worcester which is 28 rods in length from the river itself along the north wall eastward and thence southward 24 rods in breadth and then westward to the Severn 19 rods in length. And likewise they grant them the meadow-land west of the Severn, on a level with the messuage, [extending] west along the bishop's dyke from the river, until it comes out at the moor-dyke, and then north until it comes out on a level with the water-course, and then eastward until it comes back below the water-course to the Severn. They likewise grant them Barbourne, and in addition 60 acres of arable land south of Barbourne and another 60 acres to the north, and likewise, very generously, 12 acres of very good meadow-land in addition; and they graciously grant them this, toward the community and toward the church, and desire to earn it from them always, day and night, by their divine services, as best they can. And Æthelred and Æthelplæd shall hold it for all time, both within the town wall and without, uncontested by anyone as long as they live. And if Ælfrýn survives them, it shall similarly remain uncontested as long as she lives; and after the death of the three of them, it shall be given back without dispute to the lord of the church for the souls of the three of them, endowed as it is then, if it be God's will that they may endow it. To those who increase and uphold this shall be added the reward of eternal bliss in heaven. Those who diminish and break it shall be confounded by eternal punishment, unless they have made due amend. All the community, both young and old, have confirmed this agreement with the symbol of the cross of Christ, and twelve of their names are recorded hereafter in writing, and likewise the names of the friends whom we selected as witnesses... s The agreement of Æthelred and Æthelplæd with Bishop Werfrith and the community at Worcester.

Then there are the eſtateſ þiſh my anceſtoſſ bequeathed to it after my ſiſteſi'ſ lifeſtime and after mine: Stſatforþ, Eneſton, Piſton, Lavenham, Balſdon, Polſtead, Piſherumariſh,

Greenstead, Peldon, Mersea and the woodland at Totham which my father granted to Mersea, and Colne and Tey. Then there are the estates which my ancestors bequeathed to other holy places: namely the estate at Elergh to Christchurch at Canterbury for the use of the community; and the estate at Hadham to St Paul's minister at London as episcopal property, and the estate at Heybridge for the use of the community at St Paul's minister; and the estate at Baythorn for the use of the community at Barkins. And I grant Woodham after my death to Ælfrith, my lord's mother, and after her death it is to go to St Mary's foundation at Barkins just as it stands, with the produce and with the men. And I grant for the use of the community at St Edmund's the two estates Chelproth and Cockfield, just as my ancestors have granted them, and the estate at Nedzins after the death of Cræpe my kinsman. And I grant to Mersea after my death everything that my lord and my sister granted, that is Finsunzho and the six hides on which the minister stands. And I grant after Cræpe's death the estate at Paldingsfield to St Gregory's at Sudbury according to the agreement my sister made about it. And I grant to St Peter and St Etheldreda and St Piltburg and St Sexburg and St Eorumenild, at Ely, where my lord's body lies buried, the three estates which we both promised to God and his saints; namely, Rettendon, which was my marriage gift, Soham and Ditton, just as my lord and my sister have granted it; and the one hide at Chevely, which my sister obtained, and the pair to the pigs which was given as burial fee for my lord. And I grant to the ealdorman Æthelmær the estate at Lapins after my death, with its produce and its men, just as it stands, on condition that during my life he shall be a true friend and advocate to me and to my men, and after my death, be a true friend and advocate of the holy foundation at Stoke, where my ancestors lie buried, and its property. And I grant the estate at Liston to Æthelmær my [lord's kinsman?] with the produce and with the men just as it stands, and humbly pray him that he will be my true friend and protector during my life, and after my death will help to secure that my will and my ancestors' wills may stand. There are the boundaries of Balston: from the stream at Humelcyre; from Humelcyre to Herezeperheard from Herezeperheard along the old hedge to the green oak; then on until one comes to the paved road; from the paved road along the shubbery until one comes to Acton; from Acton until one comes to Roydon; from Roydon back to the stream. And there are five hides of land. There are the boundaries of Pichemarsh and Polstead: from Loppandun to Shelley; from Shelley to the Bret; along the Bret to the Stour; along the Stour to Leofman's boundary; along Leofman's boundary to the Amalbur; from the Amalbur to Northfield; then on to Bindhæcc; from Bindhæcc to Tudanhæcc; from Tudanhæcc to Eirford Hall; from Eirford Hall to Nurstead; from Nurstead to Hritunzho; from Hritunzho to Pudemannertun; from Pudemannertun to Kerrey boundary; from Kerrey boundary to Hadleizh boundary; from Hadleizh boundary to Layham boundary; from Layham boundary back to Loppandun.
