

Anglo-Saxon charters with OE bounds

Keith Briggs Keith.Briggs@bt.com

Edition of 2008 December 22 2:49 P.M.

These documents are constantly used in place-name study. There seemed to be no convenient one-volume pdf edition, so I made this one. The extracts are classified by the Sawyer (S) number. See the [Electronic Sawyer](#) for the meaning of these numbers. You will also need to refer to this for references to work citing these documents, for dates, information about authenticity, etc. See also [British Academy - Royal Historical Society joint committee on Anglo-Saxon Charters](#) (from where I obtained the digital images).

The main value of this new pdf edition is the [index](#), which allows easy comparison of the frequency of different topographical terms, and of variant spellings. This gives a different view to that obtainable by a search facility. (In the index I have sorted both þ and ð as if they were 'th'.)

My version includes only sections in OE. Sometimes this is embedded in Latin. Names of witnesses are not yet indexed. Please report any errors noted.

I have made this version using [pdfL^AT_EX](#) with the [junirg](#) font from the [OE fonts](#) designed by Peter Baker of the University of Virginia. I converted the OE fonts for use with pdfL^AT_EX with my own method described [here](#). The original texts come from Sean Miller's [anglo-saxons.net](#), and have been extracted and converted by my own program written in [python](#). This program uses heuristics to recognize the OE sections of html pages and so may go wrong sometimes. I did all this on a [linux](#) system.

In nomine Dei summi et altissimi certis adscriptiptionibus sancti et iusti patres frequentatiuis orationibus admonent . ut Deum quem diligimus et credimus intima mentis affectione cum bonorum operum diligentia incessanter timeamus et amemus . Qui retributionem omnium actuum nostrorum in die examinationis iuxta uniuscuiusque meritum reddet . ideoque subtilissima mentis certatione illum imitari satagimus . Licet mortalibus vitæ ponderere pressi et labentibus huius seculi possessionibus sumus infecati ; tamen miserationis eius largitate caducis opibus æterna cælestis vitæ præmia mercari queramus .

Si quis autem prescriptis statutis noluerit consentire aut obedire ; sciat se alienum esse a consortio sanctæ Dei æcclesiæ . et a corpore et sanguine domini nostri Ihesu Christi . per auctoritatem beati Petri apostoli sociorumque eius . nisi prius hic digna emendaverit penitentia ante mortem . Sciantque sapientes regionis nostræ nos has terras præfatas non iniuste rapuisse . papinamque Deo debuisse ; sed sic accipi eas quemadmodum iudicaverunt omnes optimates regionis Anglorum . Insuper et apostolicus papa Romanæ æcclesiæ Johannes . Ælfredo defuncto qui nostræ felicitati et vitæ emulus extitit ; nequitia inimicorum nostrorum consentiens . quando me voluerunt patre meo defuncto cecare in civitate Yintonia . si non me Deus sua pietate eripuisset . sed denudatis eorum machinationibus ; remissus est Ælfred ad Romanam ecclesiam . ut ibi se coram apostolico Johanne iurejurando defenderet . et hoc fecit coram altare sancti Petri . sed facto iuramento cecidit coram altare . et a manibus suorum famulorum portatus est ad scalam Anglorum . et ibi tertia nocte vitam finivit . Et tunc apostolicus ad nos remisit ; et quod de eo ageretur a nobis consulit . an cum cæteris Christianis corpus eius poneretur . His peractis et nobis renuntiatis ; optimates nostræ regionis cum propinquorum illius turba efflagitabant omni humilitate ut corpus illius per nostram licentiam cum corporibus poneretur Christianorum ; nobisque illorum efflagitationi consentientibus Romam remisimus . et consentiente papa positus est ad cæteros Christianos . quamvis indignus esset . et sic iudicata est mihi tota possessio eius in magnis et modicis . Sed et hæc apicibus litterarum prenotavimus . ne quandiu Christianitas regnet aboletur . Unde mihi præfata possessio quam Deo et sancto Petro debi donaretur . Nec iustius novi quam Deo et sancto Petro hanc possessionem darem . qui emulum meum in conspectu omnium cadere fecerat . et mihi sanitatem . et regni prosperitatem largiti sunt . His tertibus consentientibus quorum inferius nomina recitantur . Anno dominicæ incarnationis . dcccc . xxxi . acta est hæc præfata libertas .

Omnipotentia diuinae maiestatis ineffabiliter uniuersa gubernante. Aeterni gubernacula imperii moderante in perpetuum domino et saluatore nostro Iesu Christo. Certissimis pupillarum ortutibus quadriperiti mundi cotidie magis ac magis imminere cernitur occasus; qui quamuis crescendo decrescat et augmentando minuatur, fidelibus tamen diuinitus est concessum, ut nequaquam toti cum deficiente deficient, sed per umbratilis substantiae mercimonium permanentem sibi thesaurizent in coelis thesaurum, quo, iuxta illud dominici promissi, 'Fur non appropriat, neque tinea corrumpit.' Quapropter, superni amoris igniculo succensus, ego Ædelpred, altithroni fauente gratia basilis Anglorum caeterarumque gentium in circuitu persistentium, sanctae dei aeccleriae, Yentana ciuitate beato Petro apostolorum principi eiusque cooperatoro Paulo, ob reuerendae trinitatis honorem, consecratae, Ælphago eiusdem sedis antistite impetrante, pro meorum expiatione piaculorum, meique statu imperii; quandam horpici portionem in praefata ciuitate sitam, quae patria lingua haec solet appellari, uti nobilis matrona Ælfrýð, deo omnipotenti eiusque praenominatis apostolis haereditario iure concesserat; quamuis post obitum ipsius eadem possessio ueluti solet a quibusdam personis iniuste possessa fuerit, libens ad usus fratrum in praefato Ueteri coenobio christo famulantium aeternaliter possidendam restituendo concedo et concedendo restituo; necnon et dimidium

Si quis igitur haec ausu temerario subuertere et a praefato loco sancto auferre conatus fuerit, aeternae maledictionis sententiae subiaceat, et poenae aeternae damnationis inuolutus cum terrae caliginis agminibus sine fine puniatur, nisi digna satisfactione emendauerit quod contra gloriosos apostolorum principes delinquere non timuit; porro circuitus eiusdem horrici pro cuius libertatis causa hanc captam scribere concessi, ita se habere uidetur. Px Regnante in perpetuum Deo et Domino nostro Iesu Christo. Quamuis ubique per uniuersum mundum merita beatorum martýrum diuini celebranda sint praeconis; eorumque suffragia qui pro Christo nomine sanguinem suum fuderunt totis uisibus amplectenda; Anglorum tamen populis intra ambitum Britanniae constitutis specialiter est honoranda beati martýri Albani glorioza uictoria; qui et ipse pro Christo martýrium subiit; et hanc gentem post sanguinis effusione consecrauit. Quapropter ego Æðelred totius Albionis superna largiente gratia basileus . ut in tremendo magni iudicii die sanctorum patrociniis interuenientibus superni regni coheres existerere merear; trium possessionem terrarum Deo omnipotenti ad monasterium p̄fati martýri aeternaliter possidendam concedo; quarum duae simul adiacent; hoc est æt Norðtune . et una manja æt Rodhangnon; tertia uero seorsum sita; uisitato uocabulo æt Oxangehæze nominatur; Harum quidem terrarum portionem Offa rex Mercorum quondam regali iure possedit; eamque ad p̄dictum monasterium pro amore tanti martýri qui inibi requiescit . aeterna lege liberatam concessit . Sed eo postmodum defuncto per potentiam quorundam iniquorum uiolenter abstracta est . et tamdiu ab ipso loco inuisite exclusa, donec tandem p̄pet a Leofrino duce possessa; Qui dum culpa sua exigente patria pulsus exularet; Ælfric mihi fidelis archiepiscopus et Leofric abbas frater eius; eandem portionem dato p̄cio me concedente emerunt et ut Deo quae Dei erant restituerem; rogatu humillimae deuotionis obtinuerunt. Post obitum uero nominati superius archiepiscopi interpellante fratre iprius hanc partem meae donationis et renouationis scribere iussi; in qua praecipio tam mea quam Dei omnipotentis auctoritate; ut nulla altior inferiorue persona cuiuscumque

rit dignitatibus; hanc portionem sancto martyri subtrahere qualibet occasione praesumat; siue in meis siue successorum meorum temporibus; sed permanente iugiter et preualente perstitutionis huiusce priuilegio; omnia contrariorum molimina adnullentur. Sicque praedicta terrarum possessio perpetualiter ea libertate donata; qua memoratus rex Merciorum tam coenobium sancti Albani; quam omnes quas illuc introuiserit possessiones omni deuotione ditauit; tribus exceptis; nata expeditione; pontis arcisque restauratione; caeterum cuncta ad se pertinencia, campi; parua; praeta; siluae et reliqua; libera permaneant. The agreement of Æthelred and Æthelſtred with Biſhop Werſwith. It is known and manifeſt to all the riſe that the roſe and deede of men frequently ſlip from the memory, through the manifold agitation cauſed by picked deede, and aſ the reſult of pandering thought, unleſſ they are preſerved and recalled to mind in the form of roſe and by the precaution of entruſting them to writing. For thiſ reaſon, in the year of the incarnation of our Lord 904 and in the firſt Indiction, we have ordered thiſ document to be written for the ſake of the memory of poſterity, namely that Biſhop Werſwith and the community at Worceſter give and grant by charter to Æthelred and Æthelſtred, their lord, the meſſuage within the town wall at Worceſter which is 28 rods in length from the river itſelf along the north wall eaſtward and thence ſouthward 24 rods in breadth and then weſtward to the Severn 19 rods in length. And likewiſe they grant them the meadow-land weſt of the Severn, on a level with the meſſuage, [extending] weſt along the biſhop's dyke from the river, until it comes out at the moor-dyke, and then north until it comes out on a level with the water-course, and then eaſtward until it comes back below the water-course to the Severn. They likewiſe grant them Barbourne, and in addition 60 acres of arable land ſouth of Barbourne and another 60 acres to the north, and likewiſe, very generously, 12 acres of very good meadow-land in addition; and they graciously grant them thiſ, toward the community and toward the church, and deſire to earn it from them alway, day and night, by their divine ſervice, aſ beſt they can. And Æthelred and Æthelſtred ſhall hold it for all time, both within the town wall and without, uncontracted by anyone aſ long aſ they live. And if Ælfrýn ſurvives them, it ſhall ſimilarly remain uncontracted aſ long aſ ſhe lives; and after the death of the three of them, it ſhall be given back without diſpute to the lord of the church for the ſoul of the three of them, endowed aſ it is then, if it be God's will that they may endow it. To thoſe who increaſe and uphold thiſ ſhall be added the reward of eternal bliſſ in heaven. Thoſe who diminish and break it ſhall be confounded by eternal puniſhment, unleſſ they have made due amend. All the community, both young and old, have confirmed thiſ agreement with the ſymbol of the croſſ of Chriſt, and twelve of their names are recorded hereafter in writing, and likewiſe the names of the friends whom we ſelected aſ witneſſes... s The agreement of Æthelred and Æthelſtred with Biſhop Werſwith and the community at Worceſter.

 God and to men. Fiſt I ſhant to my lord æfter my death the eight eſtateſ,

namely Dovepcourt, Beaumont, Alpefford, Stanpaſ, Barton, Lexden, Elmſet and Buxhall; and tro armleſ of tro poundſ in peiſht, and tro drinking-cupſ and a ſilver veſſel. And I humbly pray you, ſiſe, for God'ſ sake and for the sake of my lord'ſ ſoul and for the sake of my ſiſter'ſ ſoul, that you ſill protect the holy foundation at ſtoke in which my anceſtorſ lie buried, and the propriety which they gave to it as an immune riſht of God for ever: which propriety I grant exactly as my anceſtorſ had granted it, that if the eſtate at ſtoke to the holy foundation riſht everything that belongſ to the village there, and the good at Hatfield which my ſiſter and my anceſtorſ gave. Then there are the eſtates which my anceſtorſ bequeathed to it after my ſiſter'ſ lifetime and after mine: ſtratford, Fretton, Viſton, Lavenham, Balſdon, Polſtead, Viſthermarſh, Greenſtead, Pelbon, Merſea and the goodland at Totham which my father granted to Merſea, and Colne and Tey. Then there are the eſtates which my anceſtorſ bequeathed to other holy places: namely the eſtate at Cleiſh to Chriſtchurch at Lanterbury for the uſe of the community; and the eſtate at Dadham to ſt Paul'ſ miniſter at London as epiſcopal propriety, and the eſtate at Deſybridge for the uſe of the community at ſt Paul'ſ miniſter; and the eſtate at Baythorn for the uſe of the community at Barkiſg. And I grant Woodham after my death to Ælſthryth, my lord'ſ mother, and after her death it is to go to ſt Mary'ſ foundation at Barkiſg juſt as it ſtandſ, riſht the produce and riſht the men. And I grant for the uſe of the community at ſt Edmund'ſ the tro eſtates Chelſporth and Lockfield, juſt as my anceſtorſ have granted them, and the eſtate at Nedſiſg after the death of Erape my kiſngoman. And I grant to Merſea after my death everything that my lord and my ſiſter granted, that is Fiſſinghoe and the ſix hideſ on which the miniſter ſtandſ. And I grant after Erape'ſ death the eſtate at Valdingſield to ſt Gregori'ſ at Sudbury according to the agreement my ſiſter made about it. And I grant to ſt Peter and ſt Ethelreda and ſt Viſtburg and ſt Sexburg and ſt Cormenthild, at Ely, where my lord'ſ body lieſ buried, the three eſtates which he both promiſed to God and hiſ ſaintſ; namely, Rettendon, which paſ my marriage gift, Soham and Ditton, juſt as my lord and my ſiſter have granted it; and the one hide at Cheveley, which my ſiſter obtained, and the pair to the riſg which paſ given as burial fee for my lord. And I grant to the ealdorman Æthelmar the eſtate at Lapling after my death, riſht iſr produce and iſr men, juſt as it ſtandſ, on condition that during my life he ſhall be a true friend and advocate to me and to my men, and after my death, be a true friend and advocate of the holy foundation at ſtoke, where my anceſtorſ lie buried, and iſr propriety. And I grant the eſtate at Liſton to Æthelmar my [lord'ſ kiſngoman?] riſht the produce and riſht the men juſt as it ſtandſ, and humbly pray him that he ſill be my true friend and protector during my life, and after my death ſill help to ſecure that my ſill and my anceſtorſ ſill may ſtand. And there are five hideſ of land.
